Emergency Management & Security

Policy
The safety of students is the foremost concern of the college in the event of an emergency. The college will have procedures in place to minimise risk in the event of an emergency.

Executive Summary for Teaching Staff
The purpose of this policy is to ensure that teachers act in the interest of students in the event of an emergency. Teacher staff should ensure that they have familiarity with the polices and the procedures within the context of their own classroom.

Procedure - Communication with Media
a. No member of staff is allowed to communicate to the media or express personal views through social media outlets.
   b. The Principal is the only authorised point of contact for all media enquiries. All requests for information must be referred to the Principal.

Procedure - Catastrophic Weather Warning
1. The college will receive advice from the relevant state authority on the impact of severe weather on the college.
2. Parents will be advised either by letter, the college website, phone, or SMS regarding the impact on the college.
3. The Principal or their delegate will be responsible for assessing the college site for normal use after the catastrophic weather warning has finished.

Procedure – Planning of offsite activities at risk of bushfires
1. Please refer to the Risk Assessment & Offsite Activity Policy for information relating to the risk of bushfires.

Procedure – Review of flammable materials on the school property and emergency access
1. The Principal will ensure that a schedule is in place for the removal of materials that may be easily ignited and that flammable materials are safely stored.
2. The Principal will ensure that building exits are clearly marked and free from obstruction.
3. The Principal will ensure that there is a clearly designated assembly point and access for emergency vehicles.

Emergency Management Plan Procedures

Procedure - Bushfires
1. The designated safe refuge is to be the Armadale town centre.
2. The college will maintain a state of readiness by removing rubbish and keeping fuel away from buildings.
